

LDPE Shrink Film

EUPHORIA PACKAGING LLP is one of the leading manufacturers and suppliers of LL/LDPE Based Shrink Films. We are manufacturing and supplying good quality LL/ LDPE (Low Density Polyethylene) based high quality shrink film, which is a world class standard packaging solution ideally suitable for packing wide range of products at an economical cost. LDPE (Low Density Polyethylene) Shrink Films are used for wrapping products like pharmaceuticals, cosmetics, glass bottles, cans, tins, beverages, tetra packs, cartons, consumer durables, stationery and all sorts of industrial products. LDPE Shrink Film is mainly used for unitizing and bundling multiple units of products for better handling and ease of distribution. Our LDPE (Low Density Polyethylene) Shrink Films provide extra protection, and makes the pack pilfer proof and reduces theft in transit. Our LDPE (Low Density Polyethylene) Shrink Films are also used on automatic shrink wrapping machines. LDPE (Low Density Polyethylene) Shrink Films are manufactured with eco-friendly recyclable materials and are recyclable. As it is light, the shrink films also help you save huge amounts in transport and freight.

- Ø Thickness from 30 to 300 microns
- Ø Width up to 150 mm – 1700 mm/6 - 67 inches
- Ø Roto Gravure Printing Upto 4 colors

ADVANTAGES OF OUR LL/LDPE (LOW DENSITY POLYETHYLENE) SHRINK FILMS

- Cost effective when compared to corrugated boxes
